education

Whudent

www.Whudent.com

Quickly and intentionally assemble students into groups for productive cooperative learning. Leverage the power of the community in your classroom.

[Learn more](http://www.Whudent.com)

Deminote

www.Deminote.com

Gather brief daily feedback from your students to assess and reinforce their learning. Powerful analysis functionality makes incorporating responses easy.

[Learn more](http://www.Deminote.com)

Wevaluate

www.Wevaluate.us

Easily share feedback with students, and allow students to give feedback to each other. Shift the power of evaluation to your students.

[Learn more](http://www.Wevaluate.us)

Questburn

www.Questburn.com

Manages a recurring task list (like weekly homework assignments, practicing an instrument, or chores) and helps students decide how to spend their individual work time.

[Learn more](#)

Ezam

www.EzamCreator.com

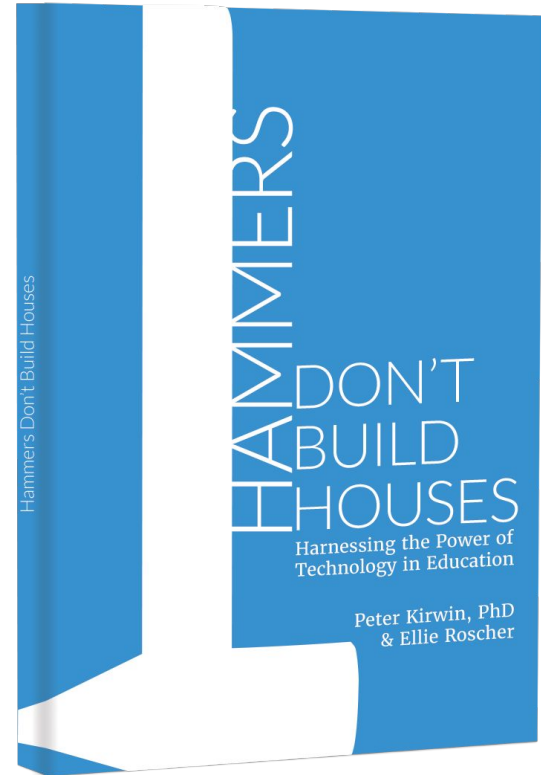

Create properly randomized and well formatted exams with a tool that facilitates collaboration among teachers.
